

ACCESSIBILITY SURVEY

Accessible schools, businesses, and public places are essential to the inclusion of people with mobility and sensory challenges. Part of ensuring the full community inclusion of people with disabilities is informing local officials of the barriers that people with disabilities face at these locations.

As an exercise in Accessibility, choose a location you go to on a regular basis and take this form with you to evaluate its accessibility. A listing of documents to assist with improving accessibility can be found at www.ada.gov or call **1-800-514-0301** and ask to speak to an ADA Specialist.

If you have questions about the rights of people with disabilities, call Nebraska Advocacy Services, Inc. at 1-800-422-6691 or find us online at www.nebraskaadvocacyservices.org.
